

Amendment to the Specification

Please insert the following paragraph before the section entitled "FIELD OF INVENTION" on page 1, line 4.

--CROSS REFERENCE TO RELATED APPLICATIONS

This application is a continuation of Application No. 09/263,148, filed March 5, 1999, now abandoned.--

Please replace the paragraph beginning on page 21, line 8, with the following rewritten paragraph:

--Fig. 4 illustrates an example of an application used in accordance with this invention. Specifically, the central portion of Fig. 4, which is the text 86, is an HTML file, that is a hypertext markup language document which links display items of an LCD display 88 88A to resources of an embedded microprocessor. The various lines of text in 86 contain either: (1) text to be displayed such as "Two Variables" or "LED 0", or (2) markup tags (enclosed between < and >) to reference GUI object library components and link them to resources external to the HTML document and markup language processor. In this example, the embedded microprocessor resources are accessed through the embedded microprocessor software program 92.--
